

# Kicking & Finger Plates

## Satin Stainless Steel

Grade	Gauge	Code
430	1.2mm	SSS430KP12

Grade	Gauge	Code
304	1.2mm	SSS304KP12
304	1.5mm	SSS304KP15
304	2.0mm	SSS304KP20
304	3.0mm	SSS304KP30

Grade	Gauge	Code
316	1.2mm	SSS316KP12
316	2.0mm	SSS316KP20

## Polished Stainless Steel

(bright annealed)

Grade	Gauge	Code
430	1.2mm	PSS430KP12

Grade	Gauge	£ Per Mtr
304	1.2mm	PSS304KP12
304	2.0mm	PSS304KP20

## Which Steel To Use?

### 430

This is our 'contract' grade of stainless steel. A cost effective solution for internal applications.

### 304

This is one of the most commonly used grades of stainless steel. Suitable for internal and external use.

### 316

High corrosion resistance. 316 should be used in coastal areas, areas of high chlorine., Medical & food preparation areas.

## Mirror Polished Stainless Steel

Grade	Gauge	Code
304	1.2mm	MPSS304KP12
316	1.2mm	MPSS316KP1.2

For stainless steel cleaning and passivation kits please see page 58.
